

CCK Finger Paint

You will need:

- 1 cup of water
- 2 packets of gelatin (such as Knox)

- 1 cup of cornstarch
- 2 tbs flour
- 6 cups of water
- food color (Wilson gel colors work very well)

Directions:

1. Mix together 1 cup of water and 2 packets of gelatin and set aside
2. In a sauce pan mix together flour, cornstarch, and 6 cups of water
3. Cook the mixture over low heat, stirring continually until it boils
4. When it boils, remove from heat and add the gelatin mixture
5. Cool thoroughly, you can place it in the refrigerator to speed cooling
6. Divide the base mixture into bowls and add food coloring of your choice
7. Stir until the color is mixed through
8. Store in the refrigerator

Have fun painting together!
